### Mechanism for Exam Grievances

1. Mechanism to deal with examination related grievances is transparent, time-bound and efficient. There is complete transparency in the internal assessment. The evaluation criterion followed is as per SPPU norms and regulations.
2. At the beginning of the semester, faculty members inform the students about the various components in the assessment process during the semester.
3. The internal and SPPU assessment test schedules are prepared as per the university and communicated to the students well in advance.
4. Internal exam and SPPU exam related grievances were collected and processed on a daily basis, with follow-up was taken until the issues get resolved.

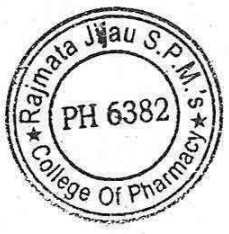

### Redressal of grievances

- **Internal Examination:** If students are facing any problems, they are solved by the College Examination Officer (CEO) and internal exam in charge. The grievances during the conduction of online/theory examinations are considered and discussed in consultation with the Principal and if necessary forwarded to the university by examination section. The continuous evaluation of students is carried out by faculty regarding theory lectures, labs, assignments, unit tests. The corrected answer papers of the students are distributed to them for the verification by the students and any grievance is redressed immediately. The marks obtained by the students in internal assessment tests are displayed on the department notice board.
- **SPPU examination:** The queries related to results, corrections in mark sheets, other certificates issued by university are handled at SPPU examination section after forwarding such quires through the college examination section. Students are allowed to apply for revaluation, recounting and challenged evaluation by paying necessary processing fee to university if they are not satisfied with the university evaluation.
